

## Family and Community Nurse and Frailty: outcomes and sinergies of the ProMIS' temporary working groups

22nd April 2021

10.30 – 12.00

*The ProMIS' temporary working group on the themes of Family and Community Nurse and Frailty have recently been produced two documents entitled "Fragility and Pre-Assessment", which includes practical tools already tested in the context of some EU projects and "Document of Family and Community Nurses" which intends to contextualize the Family and Community Nurse professional figure in the most recent sense, highlighting key concepts that derive from studies and experiences (even very recent) both at national and European level.*

*The webinar aims at presenting the two submentioned papers in order to launch a discussion and creates sinergies to give life to the new Sunfrail+, implementing the use of this tool in specific areas and realising a pilot coordinated by ProMIS.*

### Coordinate: ProMIS

- 10.30 – 10.40 **The role of Family and Community Nurse for universal health coverage**
