“Horizon partnerships in the health sector: the past and the future”

18th November 2021

h10:30 – 12:00 a.m

The European partnerships bring together the European Commission and private and/or public partners to address some of Europe's most pressing challenges through concerted research and innovation initiatives.

The aim of the webinar will be to present experiences of successful partnerships from the previous programming period and to illustrate the new features of the Horizon Europe partnerships through concrete examples, with a specific focus on the role of the Regions

Programme

Moderator: Giorgio Clarotti, RTD, European Commission

Introduction

10:30 – 10:45 **The evolution of Horizon’s partnerships: elements of continuity and new features,**
