Europe 2020 is the EU's growth strategy for the coming decade. In a changing world, we want the EU to become a smart, sustainable and inclusive economy. These three mutually reinforcing priorities should help the EU and the Member States deliver high levels of employment, productivity and social cohesion.

Concretely, the Union has set five ambitious objectives - on employment, innovation, education, social inclusion and climate/energy - to be reached by 2020. Each Member State has adopted its own national targets in each of these areas. Concrete actions at EU and national levels underpin the strategy.

## EUROPEAN COMMISSION - PRESS RELEASE

### **EU Budget 2014-2020: Commission unveils new and ambitious Health and Consumer Programmes**

Brussels, 9 November 2011 – Today, the European Commission adopted proposals for the new Health for Growth and Consumer Programmes. The two programmes aim to foster a Europe of healthy, active, informed and empowered citizens, who can contribute to economic growth.

These new programmes will run from 2014-2020 with a budget of €446 million for the Health for Growth Programme and €197 million for the Consumer Programme.

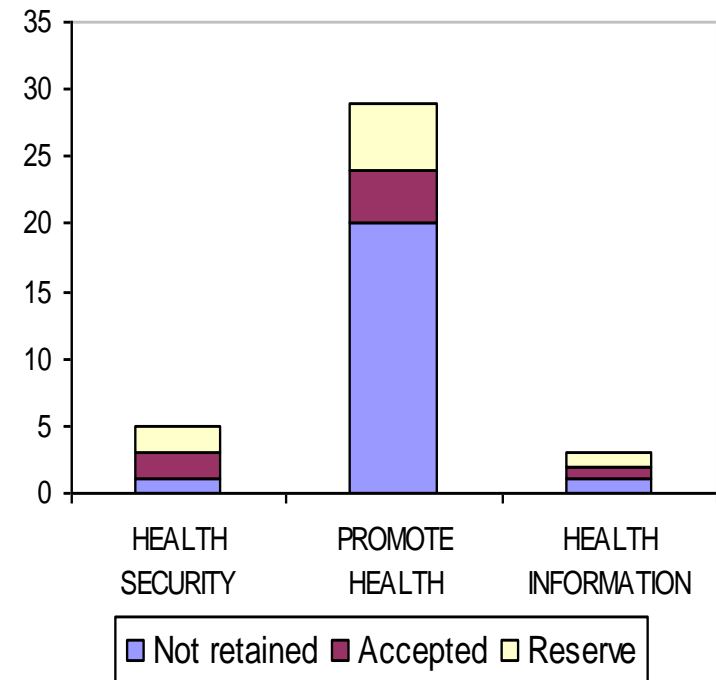

Focus will be on fewer concrete actions that offer clear EU added-value.

The **Health for Growth Programme** aims to support and complement the work of Member States to achieve the following four objectives:

- Developing innovative and sustainable health systems;
- Increasing access to better and safer healthcare for citizens;
- Promoting health and preventing disease; and
- Protecting citizens from cross-border health threats.
