

Event

“NFPs/NCPs National and European networks: challenges for the creation of synergies on health among European programmes”

Rome 21-22 November 2023

Activities as an NFP at national level

Irene Mikulcik – Austrian Public Health Institute (GÖG)

Informing and awareness raising

Building an EU4Health-stakeholder network in Austria

- Promotion of EU4Health via a first Info-Day in 2022
- Launch of a (monthly) newsletter

Dissemination of information

- via a national NFP EU4Health-website, the newsletter and the (yearly) Info-Days

Promotion of the annual work programme and navigating stakeholders to relevant topics

- Bilateral exchange with stakeholders interested in EU funding opportunities

Promotion of synergies with other health related EU funds and programmes

- via a sub-page on the national NFP EU4Health-website, bilateral exchange and joint events with NCPs of other health related EU funds and programmes

Support and capacity building

Support potential applicants

- Offering support via a functional mailbox for EU4Health stakeholder

Capacity-Building activities

- Launching a training-series regarding the financial and administrative aspects of an application under EU4Health

Training-series on Action Grants 2023

- Training session on the framework of EU4Health (training module 1: „the basics“)
- Training session on the proposal for an Action Grant (training module 2: „the proposal“)
- Training session on the financial aspects of an Action Grant (training module 3: „the budget“)
- Providing supporting documents („manuals“) with relevant online resources
- In planning: several training-series in 2024 on Tenders and Procurements and Direct Grants (Joint Actions)

JA NFP4Health WP5 Synergies

D 5.1 Report on the state-of-play of interactions between EU4Health NFPs and NFPs/NCPs of other HREUFPs

Key findings

- Well-established connections between NFPs and Horizon Europe counterparts in most countries
- At time of survey, few established contacts to most other relevant programmes in the majority of countries
- Limited resources and lack of pre-existing structures for cross-programme exchange as threats
- Good practices of emerging national networks as opportunities

Current challenges

- Weak insight into the potential for concrete implementation-level synergies in health with other programmes; lack of systematic mapping of this dimension for other HREUFPs
- Difficulty in obtaining structured information about other (HR)EUFPs and gauging the relevancy of other (HR)EUFPs to EU4Health stakeholders
- Lack of pre-existing pan-European platforms for structured exchange between national counterparts of all EU funds and programmes, or the health dimension of programmes specifically

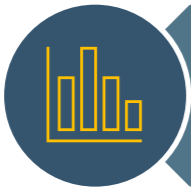

Future challenges: synergies and network sustainability

Issue of co-funding

Lack of data regarding evaluation under EU4Health

Lack of data regarding the overall participation in
open calls

Continuing exchange with other NFPs/NCPs

Tackling future challenges: synergies and network sustainability

Strengthening NCP/NFP networks on a national level

- Sharing experiences with other NCPs/NFPs

Resources and materials for capacity-building activities

- Building on already existing resources (activities under WP6 Capacity Building JA NFP4Health)

Regular exchange with EU4Health NFPs beyond JA NFP4Health

- In form of twinnings (mentorship)

Synergies with other HREUFP

Synergien zwischen EU4Health und anderen europäischen Programmen

Das Gesundheitsprogramm EU4Health wird durch den **mehrwährigen Finanzrahmen der europäischen Kommission (multiannual financial framework, MFF) 2021-2027**, ergänzt durch **NextGenerationEU (NGEU)**, finanziert. Das Budget der europäischen Kommission widmet sich Prioritäten wie der Forschung und Innovation, dem Klima, dem digitalen Wandel, und der Widerstandsfähigkeit von Gesundheitssystemen.

Um die verschiedenen strategischen Bereiche zu adressieren **finanziert der MFF verschiedene Fonds und Programme**, die in **sieben Kategorien** zusammengefasst sind. Die Kategorien sind zwar jeweils einem bestimmten Politikbereich gewidmet, es bestehen jedoch signifikante inhaltliche Synergien und Komplementaritäten, sodass für viele bereichsübergreifende Prioritäten thematische Anknüpfungspunkte in mehreren verschiedenen Fonds und Programmen bestehen.

Single Market, Innovation and Digital

149.5 (+ 11.5 from NGEU)

Cohesion, Resilience and Values

426.7 (+ 776.5 from NGEU)
