Dissemination and communication activities

- › Organising sound board meetings (external and internal) to gather input on new WP drafts and topics;
- › Defined a **list of stakeholders** (universities, industry etc) and prioritized specific **targeting actions**:
 - Presentations (one-on-one)
 - Webinar to discuss new WP and tips & tricks for a strong proposal
 - Newsletter (whenever relevant)

Dissemination and communication activities

- › Collecting unsuccessful and successful EU4Health applications to define **success factors** and implement the defined success factors (and no go's) in our **annotated template**;
- › Guiding applications towards a successful application by **providing feedback** on their proposal.

Proposed solutions to future challenges

- › Platform that allows interaction between MS (although whatsapp seems already quite effective)
- › Invite each other for our national webinar (and host these in ENG)
- › Online meeting every three/four months between MS
