The THCS Approach

Problems & Priorities Definition

Learn from practices

Learning what, why and how

Test and Validate Solutions

Capacity Building

Strengthening Ecosystems

Policy Update

Pillars and Work Packages

PILLAR 1

Science & Innovation into
Policy and Practice

WP4 – Methodological and Assessment
Framework

WP5 – Bridging evidence to policy

PILLAR 2

Research and
Innovation funding

WP6 – Calls texts definition of R&I topics

WP7 – Joint Transnational Calls Secretariat

WP8 – Project Monitoring and Assessment of
Projects' results and impacts

PILLAR 3

Support transferability &
strengthening ecosystems

WP9 -Strengthening ecosystems

WP10 –Knowledge hub to support the
transferability of good practices

PILLAR 0 - Programme management

WP1 – Governance and Annual Work Plan

WP2 – Coordination and Management

WP3 – Strategic relationship and Impact
maximisation

Main results in the first 2 years

Pillar 0 - Governance and Management:

- Set up of Governance: Advisory Board, National Mirror Group, Ambassador Network (ongoing)
- Communication and Dissemination (video, events, annual conference 2023)
- Roadmap update (ongoing)

Pillar 1 : Science into policy

- Survey WP4-WP5 health priorities, tools for translating evidence into policy
- Development of framework for best practice assessment and transferability

Pillar 2: R&I Funding

- JTC2023 «Healthcare of the Future»
- JTC2024 «Innovate to Prevent: Personalised Prevention in Health and Care Services»
- Pre-announcement of JTC2025 «Strengthening primary care and community care»

Pillar 3: Boosting health and care system

- Definition and strategy on «ecosystem wide approach», events (WP9)
- Knowledge Hub set up (ongoing)
- Workshop on “TSI Programme to support Digital Skills to increase quality and resilience in health systems”

The THCS approach to Synergies

- To overcome common challenges
- To avoid duplication and deliver joint results
- To leverage the results of THCS and of other initiatives
- To leverage the results of the projects funded by THCS

Exploring and managing synergies at EU and international level

THE AMBASSADOR NETWORK

• The Ambassador Network will:

- provide advice on and contribute to the SRIA and the AWP's development upon invitation;
- contribute to disseminate THCS initiatives using dissemination and communication channels developed in the framework of the Dissemination, Communication and Exploitation plans;
- share any initiative that can be of any interest of THCS, that will contribute to inform stakeholders;
- contribute to disseminate and exploit the results of innovative solutions, implementing actions and projects funded by THCS when relevant for their specific field of activity;
- will be open and proactively propose to organise joint initiatives when goals and scope of potential actions meet objectives and expectation of both initiatives.

Potential activities on which THCS may create synergies.

Co-funded by the European Union

JTC 2023 – “Healthcare of the Future”

The goal of this Call was to identify, develop and implement innovative solutions that can inform decision-making and optimise the delivery of health and care services across different settings.

Two main Objectives:

1. To provide the necessary knowledge to build the health and care of the future
2. To support the implementation of innovative solutions on a larger scale.

Distribution Aims selected for award proposals

28 funded projects

34 funders

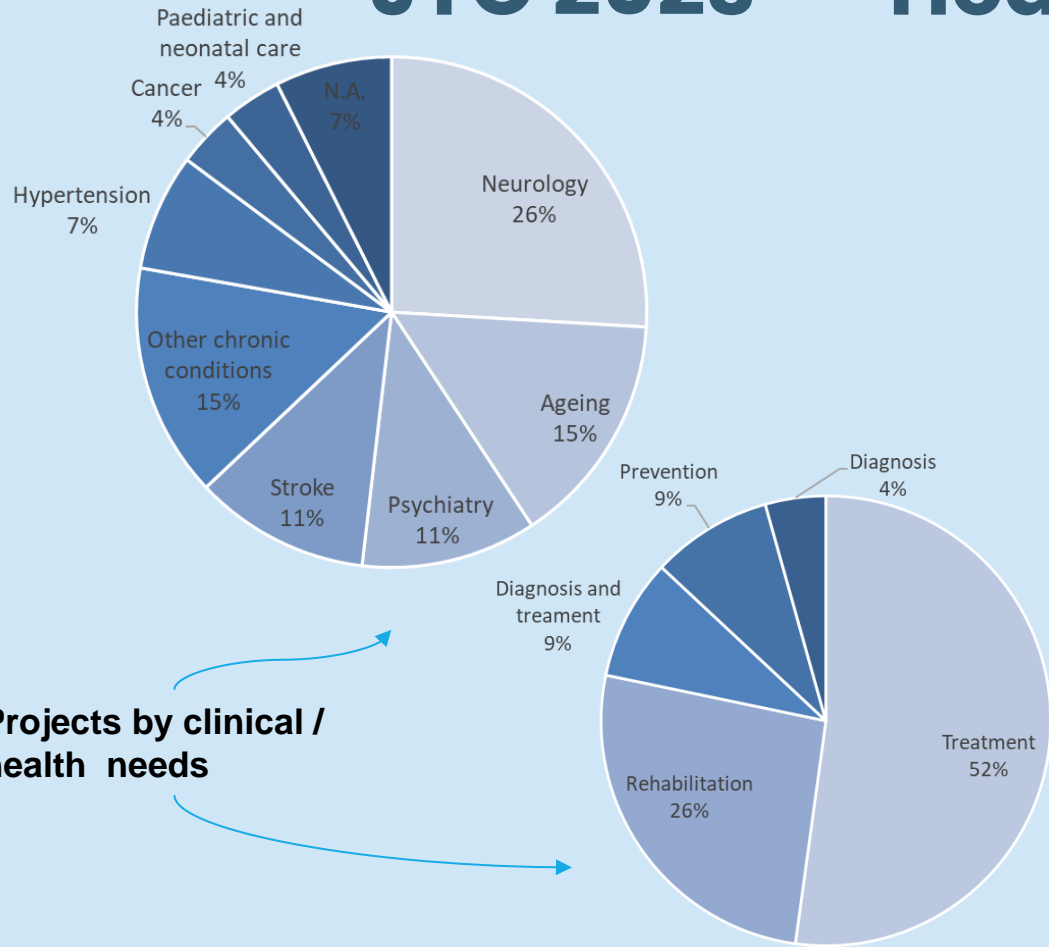

> 30 millions €

Co-funded by the
European Union

Funded by the European Union under the Horizon Europe Framework Programme - Grant Agreement N°: 101095654. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Health and Digital Executive Agency (HADEA). JTC 2023 - "Healthcare of the Future"

Research areas distribution selected for award proposals

Research types distribution selected for award proposals

Co-funded by the
European Union

JTC 2024 – «Innovate to Prevent: Personalised Prevention in Health and Care Services»

Main Goal: This call aims to support the implementation of innovative person-centred health and care models addressing prevention strategies, with the key help of existing IT and digital technologies and services, as well as existing and emerging data.

Deadline Intent to apply: 16 April 2024

Deadline Full proposal: 21 May 2024

160 Intent to apply received; **132** full proposal received.

31 funders

> 30 millions €

JTC 2025 – «Better care closer to home: Enhancing primary and community care»

Main Goal: The aim of this call is to fund research and innovation projects that strengthen primary and community health and care systems and provide policy and decision makers with the necessary knowledge and tools to govern the transitions needed in the primary and community care sector.

Deadline Pre-proposal: 30 January 2025

Deadline Full proposal: 19 June 2025

Pre-announcement just launched!

29 funders

> 30 millions €

NEW!!

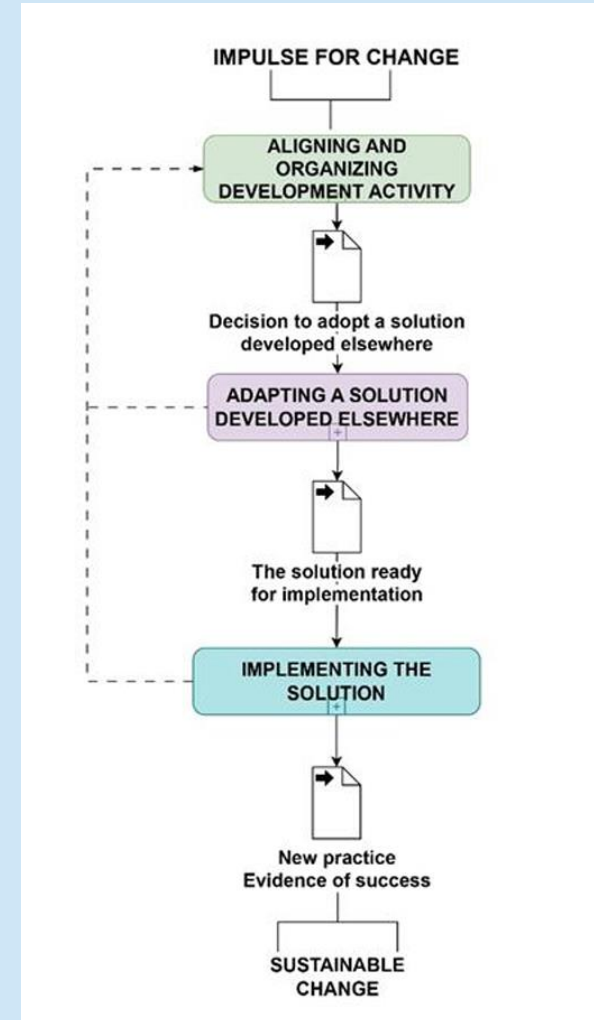

Co-funded by the
European Union

Funded by the European Union under the Horizon Europe Framework Programme. Agreement No. 101019666. All views and opinions are expressed as those of the author(s) only and do not necessarily reflect those of the European Union or Digital Health Agency. Digital Health Agency (EADHA). Neither the European Union nor the responsible authority can be held responsible for them.

Synergies on joint results..

THCS framework for supporting transferability and implementation of practices in health and care systems - *[Deliverable 4.4]*

- Review on the methodological frameworks for supporting transferability and implementation of practices in the health and care systems
- Development of the 3 interconnected sets of tasks
- Next steps:
 - Survey (still open until 31/10/2024) → 
 - Testing & Finalisation
 - Practical tools for supporting its use

Synergies on joint results..

THCS framework for supporting transferability and implementation of practices in health and care systems

[Deliverable 4.4]

JACARDI Methodological Framework for support pilot design, preparation, implementation, monitoring, reporting and assessment

[Deliverable 5.1]

Synergies on joint results..

- Review of the existing transferability framework/tools
- Provide strong theoretical framework
- Review

- Complement the «equity and diversity»
- Implementation Science approach/alignment with other Joint actions
- Review

Develop «the» Joint Framework for best practice implementation and transferability

Building stronger synergies:

- Mapping what is funded by which initiative
- Avoid overlapping
- Develop joint tools
- Leverage projects results
- Develop and exploit joint capacity building activities
- Overcome common challenges

SAVE THE DATE

THCS

2024 Annual Conference

 *November 28th (14:00-17:30) and 29th (9:00-12:30)*
